ISLAND GREEN GENERAL COUNCIL MEETING February 14th, 2020

The meeting was called to order. Everyone was welcomed. We did not have a quorum as only 11 HOA's were present. We did have 15 visitors.

The Secretary's report was given and accepted.

The Treasurer's report was explained and accepted. Bob said he received checks for the Road Committee during January as shown in his report.

The Security Report was discussed and noted that it was a page and half this month. Last Month Bill brought up that kids were using the area behind TOC as a shooting range. HCPD came in and he was told they cannot do anything as it is private property. It was mentioned that a housing development by St .James High School is having a similar problem.

Bob Worrel said the Web Site is up to date. The Security Report and agenda are posted a Week before this meeting. The notes are posted within a week of the meeting so any one Cane view them.

Carol is in need of donations for the front entrance as she wants to get a new I.G. flag.

The Mowing Committee is getting ready to fire up the mower and do spring service on it. They will start mowing in April when the grass grows.

Development in Dogwood is on hold due to the weather. A rumor is that the County put a stop on it until a holding pond is constructed. On Williamsen's property both a Surveyor and A lake maintenance company were spotted. People are reporting any violations they see happening to the right County Department.

We wish everyone a Happy Valentine's Day!!!

Meeting was adjourned. Next meeting will be Friday, March 13th.
